

Opportunity with San Diego Biopharmaceutical – Ambrx, Inc.

Research Associate - Technology

(Job: 06-18BA)

About Ambrx:

Ambrx, Inc. is a biopharmaceutical company with a mission to deliver breakthrough protein therapeutics. Ambrx is based on a fundamental advance in protein biosynthesis that enables the company to genetically engineer proteins with new amino acid building blocks beyond the common twenty, enabling the biosynthesis of proteins with new physical, chemical and pharmacological properties. At Ambrx, we are dedicated to assembling and developing an exceptional team and a breakthrough technology to create the next generation of protein-based medicines.

Description:

This position will focus on our core technology development in eukaryotic protein expression system. As part of a team, this person will work to expand the applications of our core technology in multiple therapeutic areas. We are looking for a highly energetic, creative researcher with a passion for science and collaborating with others.

Job Requirements:

- Bachelor with 2-3 years of industry experience, or a recent MS graduate with 1 year of industry experience in Cell Biology, Molecular Biology or Biochemistry.
- Excellent hands on skills in cell culture, cell-based assay, ELISA.
- Excellent hands on skills with general molecular biology, especially in cloning, and biochemistry techniques
- Detailed understanding of transcription and translation mechanism
- The ability to succeed in a multidisciplinary, fast changing and diverse team environment
- Independent thinking and team player.
- Good communication and problem solving skills
- experience in stable cell line development for biologic therapeutic manufacturing will be a plus

To be considered as an applicant, please submit your resume/CV referencing the specific position of interest and position code to careers@ambrx.com. Applicants whose qualifications and experience most closely match the requirements of the position will be reviewed. Candidates will only be contacted for evaluative discussions. Ambrx offers competitive compensation & benefits. EOE
